

TONIGHT'S MENU

Pumpkin & Orange soup

Pumpkins pair well with the zesty freshness of oranges, especially when infused with rose harissa.

Cauliflower steaks with oregano

Cauliflower steaks served on top of the cauliflower mash, covered with fried capers and fresh oregano.

Baked Rice with Confit Tomatoes and Garlic

The rice is baked in the oven and infused with cinnamon. Confit (slowly cooked) garlic provides this dish with a subtle note of sweetness.

Spinach and herb dumplings with cherry tomato sauce

Inspired by malfatti (spinach, ricotta and semolina dumplings), but very different... because this version is vegan.

Lentils with caramelized onion aioli and crispy chilli oil

Yet another interesting combination of neutral lentils, subtle sweetness of slowly cooked caramelized onions and tangy notes of crispy chilli oil
